The fact that 50,000 bushels of wheat had been posted out of condition at New York had only a temporary effect. There was a good demand, and with very little wheat on sale, and shorts displaying some anxiety to cover values improved. The influences creating the firmness, were chiefly reports of wet weather about and firmer private cables.

Coat On -Prime white, whole ale lots. The state of the s Wilbor's Compound of Pure Cod-Liver On and Line.—The advantage of this Compound over the plain Oil is, that the nunseating tasts of the Oil is removed, and the whole rendered palatable. The offensive tasts of the Oil has long seted as a great objection to its use; but in this form the trouble is entirely obviated. A host of certificates might be given here to testify to the excellence and uncess of "Wilhon's Cob-Liver Oil and Line;" but the fact that it is regularly rescribed by the medical faculty is sufficient. This is what the good doctor and kind riends say time and again to those whose erves are all unstrung, worn out with labor and care, sleepless nights, poor appetites, unable to digest the little they do at, and a general miserableness all over. There is no doubt about the advice be ng good, but how many of the suffering housands can follow it? Not one in twenty! The clergyman who keeps to-gether a large congregation; the man that the wife who presides over the rich man's household, seeing that everything is complete and in order; or the mother who cannot afford a nurse, and is broken up y a fretful baby, must all go on, notwith

anding the advice to Keep Quiet a Few Days, What, then, are you to do? To go on eems certain death. And drop all cares you cannot; the road looks dark, but 'tie before day. Will and determination have To the Corn Sufferer.

Selected the corn shall kin so for surgical and design much to do with our existence. Never give up. Study to find where you have gone against Nature the hardest, and abandon all things possible that do you harm. Yet you will find it necessary at times to depend on a good reliable medicine to help you out. Hops are a good nervine and tenie; Podopholin a cathartic and liver regelator; Buchu acts on the kidneys and arrivers over the corn of the corn

and uricary organs.

These, properly combined with other ingredients, have proved the greatest nedicine ever prepared, and known throughout the world as Hop Bitters. Prosecute the Swindlers! If when you call for Hop Bitters the druggist hands you out anything but "Hop Bitters," with a green cluster of Hops on white label, shon that ruggist as you would, a viger; and if he has taken your money for a bogus suff, indict him for the fraud and tue him for damages for the swindle, and we will reward you liberally for the conviction.

Begins First Monday of September.

DARENTS and guardians who have daughters and wards to advante are respectfully invited to consider the merits of this Institute. Purills of all religious denominations are re-cived. The course of study is thorough and extensive. While the solid studies are resarted as the most important, much attention is given to those graceful accomplishments which contribute to refine and elevate society.

To promote enulation, premiums, gold medals, etc., are awarded at the annual commercement. The grounds, comprising ten acres, shedd by grand forest trees, are beautifully lad out, making out-door exercise delightful. Pupils may here enjoy the refinements of a city location, and at the same time all the quiet of a raral retreat. Few families exercise the same vigilance over the health of their children as is given here. The library is well supplied with standard works, and every inducement is offered to cultivate a taste for choice reading. Address M. THER SUPERIOR.
